REGULAR ITEM

- C. Review of Chamber of Commerce Request for Additional Funding

Interim City Manager/Community Development Director Lazzaretto gave the staff report.

Esther De Leon, Chamber of Commerce Executive Director, and Holly Kelso, Chamber of Commerce President, gave a brief presentation.

Councilmember Rodriguez asked if the stipend is currently being paid 100 percent out of the Community Development Commission (CDC).

Interim City Manager/Community Development Director Lazzaretto answered affirmatively.

Councilmember Rodriguez asked if the plan was to continue using the CDC method of payment.

Interim City Manager/Community Development Director Lazzaretto answered affirmatively.

Councilmember Rodriguez asked if when this stipend was discussed last May, were the Councilmembers acting as the Planning Commission or the City Council when reviewing the performance of the Chamber of Commerce.

Interim City Manager/Community Development Commission Lazzaretto answered that the body was acting as the Community Development Commission.

Councilmember Rodriguez asked if the contract would be managed in the future by the Community Development Commission.

Interim City Manager/Community Development Director Lazzaretto answered affirmatively.

Councilmember Rodriguez asked what other support the Chamber of Commerce had.

Ms. De Leon replied that office hours will be increased in order to obtain more support; which means more memberships, advertisements, and more opportunity for marketing services.

Councilmember Rodriguez asked Ms. De Leon to elaborate more on the Chamber's website presence.

Ms. De Leon replied that current services are very limited, so an increase in income would provide for more resources.

Councilmember Blake asked if an additional stipend will be enough for the additional programs.

Ms. De Leon answered no; it is only 40 percent of the Chamber's income.

Councilmember Blake asked if the Chamber could maintain additional hours with the stipend.

Ms. De Leon answered affirmatively.

Mayor Pro Tem Waldman asked for Chamber staff to elaborate on the Business Expo.

Ms. De Leon answered it is a new program that may take up to two years to get off the ground. The Chamber will try to collect donations to help aid in the costs.

Mayor Pro Tem Waldman asked Interim City Manager/Community Development Director Lazzaretto if he will ensure the Chamber's compliance.

Interim City Manager/Community Development Director Lazzaretto answered affirmatively. He stated that he regularly attends the Chamber of Commerce's board meetings.

Mayor Pro Tem Waldman asked if the subsidy could be reduced once the Chamber of Commerce gets better with fundraising and generating revenues.

Ms. De Leon answered that a reduction may not be possible due to the size of the City, but it is their ultimate goal.

Mayor Barnes stated that the stipend was never intended to supplement Chamber staff costs and that with this request that seems to be the direction it is going in. She stated that she has a problem with using public money for a non-profit staff. She suggested ways that Chamber staff could cut expenditures. She also expressed her opinion that the Business Expo should not run at a deficit. Mayor Barnes asked if home businesses are always invited to events even though they do not participate in or attend Chamber functions.

Ms. De Leon answered affirmatively.

Mayor Barnes restated that she had concerns regarding providing funds for non-profit employees, and that there are other ways to get help or volunteers. She suggested closing on Fridays to cut back on operation hours.

Ms. De Leon answered that in order to provide the services required by the contract, there needs to be a full-time staff member available. She stated that even if hours are cut back, it would still take a full time staff member to complete day-to-day tasks. She is working diligently on getting volunteers.

Mayor Barnes stated that the Chamber's budget had some in-kind contributions worked into their numbers and she does not know how that would translate to cash numbers.

Ms. De Leon answered that Chamber memberships have dropped in the past 14 months. The fees were increased and the in-kind costs help to offset printing costs, supplies, staff time, and volunteer time. She stated that La Palma is not like other cities due to its size, so some events might have to incur a loss.

Mayor Barnes stated that the Chamber's needs could be met without a \$3,000 deficit. She also suggested that the City's website post a link to the Chamber of Commerce's website.

Councilmember Herman made a motion to approve the request to increase the quarterly compensation for the Chamber of Commerce to \$6,000 and to authorize the Chairperson to sign a services agreement with the La Palma Chamber of Commerce.

The motion was seconded by Councilmember Rodriguez and carried on the following vote:

Interim City Manager/Community Development Director Lazzaretto asked for suggested language for the correction of Ms. Sweet's statement.

Councilmember Rodriguez answered that Ms. Sweet was speaking in opposition to the speaker from Phillip Morris, which actually was the tobacco company R.J. Reynolds.

City Attorney Kuperberg suggested the language be: "The speaker spoke in opposition to the representative from the tobacco companies."

Councilmember Rodriguez agreed to the amended statement.

4. Approval of Plans & Specifications, and Authorization to Solicit Competitive Bids for the Rehabilitation of La Palma Avenue from Valley View Street to Walker Street, City Project No. ST-271, Federal Project No. STPL-5319 (009)

Councilmember Rodriguez requested to pull this item and stated that in recent discussions, the Joan and Janeen Streets were to be resurfaced. He asked if these streets were included in the project.

Public Works Director Noorbaksh answered the two streets Joan and Janeen are to be added to the specifications and contract documents. He stated a plan is being developed for the two streets, and will be added to the project bid.

Councilmember Rodriguez asked if there will be a separate project number for the addition of the two streets.

Public Works Director Noorbaksh answered no, it will be added to the existing project.

Councilmember Herman asked if the additional approval has to be brought back to Council for review.

Public Works Director Noorbaksh answered no.

5. Notice of Completion and Acceptance of Work for Rubberized Slurry Sealing on Various Residential Streets, City Project No. ST-264 - Continued Item

Councilmember Rodriguez requested to pull this item and asked what steps or protocol a resident would go through to get a piece of road

re-inspected or repaired.

Public Works Director Noorbaksh replied that a resident should inform the Public Works Department of the problem. City staff would then bring the problem to the attention of the contractor to take corrective measures.

Councilmember Rodriguez asked how the resident would get follow up and if there is a procedure in place.

Public Works Director Noorbaksh replied that all Public Works inquiries go through the Public Works Department and follow up calls are made to residents in regards to their inquiry.

Councilmember Rodriguez asked if all calls are tracked by an order number, request number, or some type of reference that residents can use to follow up on issues.

Public Works Director Noorbaksh replied that all calls are tracked by name and telephone numbers.

Interim City Manager/Community Development Director Lazzaretto replied that each department responds to complaints and inquiries differently, and will respond in writing. He stated that there is no central tracking system.

Mayor Pro Tem Waldman asked if a resident asked for relief and the street was outside the warranty period, if staff would respond in the same manner.

Public Works Director Noorbaksh answered affirmatively.

Mayor Barnes asked if each department keeps a record of all complaints and requests.

Public Works Director Noorbaksh answered affirmatively.

Councilmember Rodriguez asked how they would be tracked.

Public Works Director Noorbaksh replied that if a letter is received from a resident, it is responded to immediately. Calls and complaints are received by the department secretary, written up in the form of a speed letter, and staff follows up. Once completed, it is signed off and filed.

Councilmember Rodriguez asked if problems occur on a project, are they handled as the project area or by each individual concern.

Public Works Director Noorbaksh answered each issue or problem is handled individually.

Councilmember Rodriguez asked if a file is created on each call when a resident calls in a complaint.

Public Works Director Noorbaksh replied that when a resident calls in with a complaint or issue, it is recorded, responded to, resolved, and then the record is filed.

Councilmember Rodriguez asked how a name gets tracked on an incoming call.

Public Works Director Noorbaksh replied that each speed letter has a name, phone number, and address.

Mayor Barnes asked if a timeline warranty of one year exists, does staff look at the project again to look for any problems prior to the warranty's expiration.

Public Works Director Noorbaksh replied that normally staff does not inspect the projects after a certain amount of time, but that the contractor provides a guarantee bond. During the course of time, and day to day work, if staff observes any problems they will contact the contractor to correct them.

Councilmember Rodriguez made a motion to approve and authorize the Director of Public Works to file the Notice of Completion and Acceptance of Work with the Orange County Recorder and Rubberized Slurry Sealing of various Residential Streets, City Project No. ST-264; and to accept the offer by All American Asphalt to provide a two-year guarantee bond in lieu of one year.

REGULAR ITEMS

7. Request by Community Activities and Beautification (CAB) Committee Member for Clarification on Council Member Roles and Responsibilities

Interim City Manager/Community Development Director gave a brief statement introducing the item.

Councilmember Rodriguez asked Sharon Gutjahr to come forward to the podium to ask her what type of direction she wants from Council.

Sharon Gutjahr asked for clarification regarding when a Councilmember attends a Community Activities and Beautification (CAB) Committee meeting does the Councilmember represent themselves or the entire Council.

Councilmember Rodriguez replied that when he attends a Committee meeting he is representing himself, not the entire Council. The only time Councilmembers can represent the entire member body is at a City Council meeting that has agenda items.

Mrs. Gutjahr asked for clarification of Councilmembers' roles at Committee and subcommittee meetings.

Councilmember Rodriguez asked if anyone has explained to the CAB

Committee that all of their meetings are open to the public.

Mrs. Gutjahr replied that the Committee understands that protocol.

Councilmember Rodriguez asked if everyone was in agreement that all meetings are open to the public.

Mrs. Gutjahr replied that the Committee is aware of all meetings being open to the public. She asked if a Councilmember is speaking for themselves, or for the entire Council at a Committee or subcommittee meeting.

Councilmember Rodriguez asked Mrs. Gutjahr if she wrote the letter as CAB Chairman Sharon Gutjahr, or as a representative of the CAB Committee.

Mrs. Gutjahr answered she wrote the letter as the Chairman of the CAB Committee.

Councilmember Rodriguez asked City Attorney Kuperberg if the subcommittee was in violation of the Open Meetings Act and Brown Act.

City Attorney Kuperberg responded to Councilmember Rodriguez's concerns and indicated that, if desired, the Council can direct staff to agendaize a discussion on this matter at a later point. He stated that management contacted him regarding the subcommittee meetings having not been posted in accordance with the Brown Act. He and management concurred that it was in violation and immediately corrected the Committee's practice. As to the question of whether the letter was in violation of the Brown Act as a serial meeting: sending a letter to the members of the Committee is not in violation of the Brown Act; however, if the members had been contacted afterwards to gather a consensus that would have been a violation.

Mayor Pro Tem Waldman answered Mrs. Gutjahr's original question indicating that a single Councilmember can only answer for themselves.

Councilmember Herman asked if Councilmember Rodriguez made any promises to the Committee or commented on if he was going to bring back questions or concerns to the rest of the Councilmembers.

Mrs. Gutjahr answered no.

Councilmember Herman asked City Attorney Kuperberg to define an open meeting.

City Attorney Kuperberg replied that an open meeting is a common expression used to describe a meeting that is conducted in compliance with the Brown Act, and by an entity that must comply with the Brown Act. An agenda for the meeting has to be posted 72 hours prior to the meeting; the meeting must be held in a place where all can attend; there must be an opportunity for public comment; all actions are taken publicly; and that closed sessions comply with the Brown Act's restrictions.

Councilmember Herman asked how the Brown Act applies to the Council, such as when attending a committee meeting.

City Attorney Kuperberg replied that the Brown Act addresses legislative bodies and does not address individuals. He stated that when three Councilmembers get together that is a legislative body. Legislative bodies are required to conduct their activities in accordance with the statutes. He stated that there are a number of exceptions. One being that a majority of the City Council can attend a meeting of CAB or one of their subcommittees, so long as those Councilmembers do not discuss among themselves outside the context of the meeting on matters that relate to the City.

Mayor Barnes asked the City Attorney if a motion was needed since the item was for discussion and points of clarification.

City Attorney Kuperberg replied that a Councilmember could make a motion of any sort that he or she wishes. In the absence of a motion, there is nothing to receive and file, so, therefore, no motion is required and the Council can proceed to the next agenda item.

Claude Coker, 4941 Windsong, CAB Committee representative, stated that Mrs. Gutjahr misinterpreted what Councilmember Rodriguez had said at their subcommittee meeting. He said that Councilmember Rodriguez stated on several occasions that he was speaking on behalf of himself. Mr. Coker announced his resignation from the Committee.

Councilmember Rodriguez made a motion that all Community Activities and Beautification (CAB) Committee members go through a training session presented by Administrative Services Manager/City Clerk Murray regarding meetings, the Brown Act, and responsibilities for the City's Committees and Subcommittees on CAB.

Councilmember Herman seconded the motion.

Councilmember Blake asked that the motion be amended to have the rules and regulations of open meetings and the Brown Act be provided to Committee members in writing.

Councilmember Rodriguez accepted the amendment.

Mayor Barnes asked staff what the protocol was for providing these rules and regulations to Committee members.

Interim City Manager/Community Development Director Lazzaretto replied that when a new member is appointed to any Committee, they receive training regarding their roles and responsibilities -- that training includes a discussion of the Brown Act.

Recreation and Community Services Director Hobson stated that at the time of orientation, staff goes over introductions, resolutions that govern CAB, policies and guidelines, the Brown Act, Parliamentary procedure, CAB programs, the budget, agendas, and minutes.

Councilmember Herman asked who provides the training.

Recreation and Community Services Director Hobson replied that previous City Manager Standiford had given the orientations and that last year a staff liaison provided the information at the time of appointment.

Councilmember Herman asked if the orientation includes open meetings.

Recreation and Community Services Director Hobson answered affirmatively.

Mrs. Gutjahr asked if these guidelines are only for the CAB Committee.

Councilmember Rodriguez replied that the motion he made was specifically for the CAB Committee.

Mayor Barnes asked for clarification on the motion.

Councilmember Rodriguez restated that he would like the entire CAB Committee to go through the training that Administrative Services

Manager/City Clerk Murray provided.

Mayor Pro Tem Waldman asked to amend the motion to include the Traffic Safety Committee and the Development Committee members.

Councilmember Rodriguez asked what the time frame would be.

Mayor Pro Tem Waldman stated as soon as possible. He suggested that Administrative Services Manager/City Clerk Murray inform those CAB members that did not receive the training, that subcommittee meetings must be posted, and to arrange a time to give a class to all of the Committee members that have not received the training yet.

Councilmember Blake asked if it will be in some type of writing so it could be given to all Committee members.

Administrative Services Manager/City Clerk Murray replied that a packet is already prepared which could be given to all Committee members.

Mayor Pro Tem Waldman restated the amendment to the motion; the members of the CAB Committee that did not receive the training are informed as soon as possible in regards to posting subcommittee agendas and that all members that did not receive the full curriculum; plus the members of the Development Committee and the Traffic Safety Committee receive the course preferably at one time.

Councilmember Blake seconded the motion.

Councilmember Rodriguez asked staff if adding all Committees would make things a little more complex. He asked what type of delay will be anticipated to include all 13 members.

Interim City Manager/Community Development Lazzaretto answered it would be easy to do a series of training at individual meetings of the Committees.

Councilmember Blake asked if there were any reappointments coming up in January.

Interim City Manager/Community Development Director Lazzaretto answered three on the Traffic Safety Committee, none on the Development Committee, and one or two on the CAB Committee.

Jay Goldberg, 4782 El Rancho Verde Drive, spoke about the

importance of receiving Brown Act training. He stated that it is the responsibility of staff to ensure all meetings are posted correctly.

The motion carried on the following vote:

AYES: Mayor Barnes, Councilmember Blake,  
Councilmember Herman, Councilmember  
Rodriguez, and Mayor Pro Tem Waldman

NOES: None

Mayor Barnes recessed the meeting for a short break at 9:43 p.m.

Mayor Barnes reconvened the meeting with all members present at 9:48 p.m.

8. Potential Date Change for the November 21 City Council Meeting

Councilmember Blake requested to move the regular City Council meeting from Tuesday, November 21, to Monday, November 20.

All Councilmembers supported the change of date.

Councilmember Blake made a motion to reschedule and notice the City Council Meeting change of date from Tuesday, November 21, 2006 to Monday, November 20, 2006.

The motion was seconded by Councilmember Rodriguez and carried on the following vote:

AYES: Mayor Barnes, Councilmember Blake,  
Councilmember Herman, Councilmember  
Rodriguez, and Mayor Pro Tem Waldman

NOES: None

9. Fine Arts Program Budget Review

Councilmember Rodriguez explained that he brought this item forward to discuss how the City Council is or is not made aware of cuts to the budget, that they may have earlier approved in concept.

Jan Rippee, 7322 Aspen, addressed the City Council as to the current funding for the Fine Arts program.

Interim City Manager/Community Development Director Lazzaretto clarified that the budget situation for 2006/2007 was unique. He expressed that if it were to happen again that the budget presentation to the City Council would highlight individual items that the body had approved in concept that were not recommended in the budget. He also stated that these items were taken back to CAB, who discussed which items would be removed from their budget. However, these changes were not communicated expressively to the Council.

Noel Lew, 5347 Andrew Drive, stated that the Fine Arts Program was a supplemental item, and that is why it was cut from the budget.

Recreation and Community Services Director Hobson stated that the CAB Committee had three supplementals and the department had others. Staff, with the consensus of the CAB Committee, opted to keep the programs they already had established rather than expanding them to avoid cutting other items. The option was to not move forward with the supplementals. The only supplemental that was proposed with the final budget was for La Palma Days.
